

These events are
a collaboration between
Local Futures and Local Pegs.

Local Futures has been promoting ecological economies, community, and local food systems for four decades across five continents. Local Futures' films, conferences, campaigns, and meet-ups have pioneered a worldwide localisation movement and strengthened grassroots projects everywhere.

www.localfutures.org

Local Pegs helps communities thrive through an innovative mobile app that connects retailers to loyal consumers through discounted offers that can also be donated straight back to a local charity of choice. Their platform offers a local economy that supports the growth, health, and sustainability of the community. It is their mission to showcase within Byron Bay a new model for how local regions can live a local and connected life.

Enriching Byron's Local Economy

Sunday May 7th: Full-day workshop
10.00am to 4.00pm led by Michael Shuman.

This world-class workshop will offer vital information and practical tools to activists, business people, investors, and policymakers who wish to create a vibrant community economy in the Northern Rivers.

About your host: Michael Shuman

Michael Shuman is an economist, attorney, author, entrepreneur, and a leading visionary on community economics. He is a globally recognised expert in economic localisation who has given more than one invited talk per week, mostly to local governments and universities in the past 30 years in nearly every U.S state and more than a dozen countries.
